THE ROLE OF A BEAUTY QUEEN

Welcome you to the 9th edition of Fourwall Magazine. This edition cover personalities are the winner of Miss Teen Global Beauty Nigeria, Queen Anointing Amanambus, Queen Mamus Clarise, Queen Miracle Audu and the Golden Girl, Annabella Odo. These personalities represent the UNSTOPPABLE this edition was tagged.

Beauty contests can be an important focus of national or regional pride. On an individual level, they give young women an opportunity to

enrich not only their own lives, but the lives of others. Pageants provide the perfect opportunity for some of the most beautiful young women to fulfil their ambitions and develop themselves as human beings.

When beauty pageants began, they were viewed as trivial events whose interpretation required no intellectual effort. In fact, many critics of beauty contests argue that such contests reinforce the idea that girls and women should be valued primarily for their

PUBLISHER'S NOTE

physical appearance, and that this puts tremendous pressure on young women to conform to conventional beauty standards by spending time and money on fashion, cosmetics, hair styling et cetera.

The idea that a Beauty Queen is just for show and only judged by her exterior beauty is certainly not relevant. I consider the full package which includes among other attributes, inner strength and maturity to take on the role and be able to interact with people on all levels of social standing.

Although some crown comes with lots of advantages, the winner of the crown is expected to work on a number of projects, like supporting the disabled and different groups of the disadvantaged members of the society.

The winner is required to follow a clear program such as participating in different social and cultural events, either in the country or abroad as well as participate in international beauty contests including Miss Universe and Miss World.

Fourwall Magazine is steadily evolving into the household name in the modeling industry and for anyone who enjoys modeling. This, to a great measure has been because of the patronage and support of our readers and clients, we therefore express our sincere gratitude to you all for being there for us and encourage you to continue your patronage, because it can only and will get better.

GRACE BROUGHT ME THIS FAR
UVERE CHIDINMA GRACE

TELL US ABOUT YOURSELF?

I am Queen Uvere Chidinma Grace, Miss Silver Africa, 2020

WHAT WAS THE FEELING WHEN YOUR NAME WAS ANNOUNCED AS THE WINNER, HOW DID YOU REACT?

At the moment I was announced the winner of Miss Silver Africa, 2020, there were tons of emotions welled up inside me. I felt an overwhelming joy that the crown is finally mine. I also felt relief that all my hardwork, sweat, pains from training every evening & pushing myself beyond my limits have finally paid off; that in the end, I had done my supporters proud. All these emotions and more found an outlet through my eyes as tears of untold joy rolled down uncontrollably. I could say that that moment, was one of the most unforgettable moments in my life.

IN YOUR WORD, WHAT DO YOU THINK STOOD YOU OUT FROM THE OTHER CONTESTANTS?

Grace

WHAT WAS THE BIGGEST CHALLENGE COMPETING IN THIS PAGEANT?

My biggest challenge was preparing for the contest while trying to keep up with the demands of my work & school at the same time.

HOW LONG HAVE YOU BEEN IN THE MODELING INDUSTRY?

As a little girl, I always admired models & hoped that someday I'd be one. I took my first step in 2018 when I contested in Miss NFCS, University of Nigeria Nsukka chapter. After being crowned the Face of NFCS then, I took a long break due to school & its demands. In 2020, I dusted my heels, rekindled thale passion and contested in Miss Silver Africa pageant, The Independent Woman edition in which I emerged the winner.

TELL US ABOUT YOUR EXPERIENCE SINCE BECOMING A BEAUTY QUEEN?

My experience as a beauty

queen has been very demanding. From numerous photoshoots which would last for hours on end, to carrying out pet projects and some other duties to the brand, major and minor. The experience so far, I must say, may not have been smooth all the way, but they were all worth it. I have learnt lessons which all add up to make a better me.

HOW HAVE YOU BEEN COPING WITH THE TASK OF BEING A QUEEN?

As a beauty queen, I won't say it's been easy trying to keep up with expectations, but one thing keeps me going: the awareness that a lot of people look up to me and I owe it to them & to myself not to fail. This knowledge pushes me to wake up each morning & strive to make the best of each day and making sure that I make every moment count.

WHICH BRANDS ARE YOU LOOKING FORWARD TO MODEL FOR?

I hope someday to model for international brands as well as prestigious National brands.

THERE ARE SOME GIRLS ASPIRING TO BECOME A BEAUTY QUEEN LIKE YOU, ANY TIP FOR THEM?

To the ladies out there hoping to become beauty queens, it's important to know that a journey of a thousand miles begins with buying good shoes. You've been endowed with all you need to succeed and all you have to do is reach within and put your potentials to use. Start off with a positive mindset and you'll find that the journey ahead becomes much easier. Be you and have fun while being you. Always know that when you want something, the universe conspires in helping you achieve it.

EXCLUSIVE INTERVIEW WITH
**MISS ANOINTING
AMANAMBU**
MISS TEEN GLOBAL BEAUTY NIGERIA

TELL US ABOUT YOURSELF

My name is Anointing Amanambu, I am 19 years old from AkamiliUmudim-Nnewi, Nnewi North L.G.A of Anambra State. I am a student of Federal University Otuoke, Bayelsa State, currently studying Physics.

My dream is to go International and to be next Miss World.

My love and passion for pageantry started from my early age, when I was 10. I used to watch a lot of fashion related shows and movies. This was how I started grooming myself, both in catwalk and poise.

I have walked on many platforms and won different crowns but those were not the platform I have been looking for, though they helped me to groom

myself better until I finally won this current crown, Miss Teen Global Beauty Nigeria 2020, which has given me the rare opportunity to go to Recife, Pernambuco Brazil to represent Nigeria in the global stage, at Miss Teen Global Beauty International, coming up October 2021.

And I am so grateful to God and also to the National Director, Mrs Gwendolyn Tagbarha of MTGBN of this platform for providing the much needed platform for me to achieve my dream.

HOW WAS THE FEELING WHEN YOUR NAME WAS ANNOUNCED AS THE WINNER?

I was shocked, speechless, overjoyed and so happy that I finally made it, though I felt bad because my daddy wasn't there to see and

proudly smiling at me.

IN YOUR WORD, WHAT DO YOU THINK STOOD YOU OUT FROM THE OTHER CONTESTANTS?

I won't say intelligence or beauty because other contestants had it, I believed it was the glory and God's grace upon me that made me stand out, and the aura, charisma with my self-confidence made me stand out.

WHAT WAS THE BIGGEST CHALLENGE COMPETING IN THE PAGEANT?

Self confidence that you can do it even when you see others are Good too, knowing that you have to be the best to push through, it wasn't easy at all I must say.

HOW LONG HAVE YOU BEEN IN THE MODELING INDUSTRY?

I have been in industry say two and half years now.

HOW HAS WINNING THIS CROWN CHANGED YOUR LIFE?

It has made an amazing impact in my life, I got to realize that my day to day life is different from the duties am about to carry out as Queen, I got to know that so many people live and look up to me to see the difference I will use my crown to do as a queen.

TELL US ABOUT YOUR EXPERIENCE SINCE BECOME THE QUEEN?

It's been interesting, I got to know my responsibilities as a queen and i have being taught how to discharge my duties diligently.

HOW HAVE YOU BEEN COPING WITH THE TASK OF BEING A QUEEN?

Knowing what is expected of you? It isn't easy but like they said uneasy lies the head that wears the crown, and that's what makes me to stand out because I got to push through the hurdles and accomplish my goals as a queen.

HOW DO YOU INTEND TO USE THIS YOUR NEW OFFICE TO IMPACT IN THE LIVES OF OTHER TEENS?

I will make sure to inculcate their mindset to never to give up on their dreams no matter what happens, yes there must be challenges, disappointments, criticisms, discouragements and a lot more, however you should believe in yourself believe in your strengths to push forward and show you can do it.

So if you are reading this know that Anointing didn't give up on herself and that is why she is where she is right now. Therefore, do not give up on yourself and dreams

IF YOU WERE NOT MODELING, WHAT ELSE WOULD YOU BE DOING?

I probably would continue with my beautician work and doing my best to be the best female physicist

WHO IS YOUR ROLE MODEL?
So many people choose to have a role model because they see it as a kind of necessity but that's a No for me. I choose Queen LaurenciaPoto (Nigerian Face of Independence 2019) because she is source of inspiration to me. This is because, her zeal, passion, courage, effort and hard work, inspires me to keep pushing and never look back. Her unique personality made me admire her so much and I say thank you for still being who you are knowing that people like me look up to you to become better.

WHERE DO YOU SEE YOURSELF IN THE NEXT 5 YEARS?
I want to be an outstanding model, Miss World and physicist.

WHAT WAS THE BIGGEST CHALLENGE COMPETING IN THE PAGEANT?

The biggest Challenge was during the competition,

when I got to know that the other contestants were older than me, I got frightened a bit but didn't want it to grow to intimidation. And also the fact that I was always trying to build my confidence no matter what.

HOW HAVE YOU BEEN COPING WITH THE TASK OF BEING A QUEEN? KNOWING WHAT IS EXPECTED OF YOU?

Before I contested for MTGBN, I was always asked how I'll cope being a queen and a student. At first I thought it will be very difficult but the truth is when it's time to learn, I learn and when it's time to work, I work. HOW DO YOU INTEND TO USE THIS YOUR NEW OFFICE TO IMPACT IN THE LIVES OF OTHER TEENS?

Becoming a model at such awesome age is not easy especially when you hear lots of Nos and fewer yes'. Although I didn't achieve it all on my own but it was my burning passion and determination that they saw that made them believe in my dreams. With this office I want to let teens know that if they have a dream they should go for it, and no matter what never let that burning determination and passion you possess quench, because those are the fuel to your engine of success and your catapult to greatness. I would love to do this by visiting schools, hospitals, hosting seminars and visiting rural areas that I can possibly reach out to.

ands of people and as someone who the world will reckon to.

EXPRESSING YOUR MODELING CREATIVITY – ASK NNA MODEL

magic. I know it's not easy to create concepts out of nowhere, you might say I'm not a stylist or a creative art director so why should I create concepts for myself? Well let me tell you this, there are many models in the Industry and more are joining the Industry each week if, that's the truth.

So for you to be in high demand by Top Classy Brands and Fashion Agencies you must determine in your heart to be different in everything you do, when brands recognize creativity, passion and uniqueness in you, they will prefer to work with you but when you're the same like the rest you might struggle to get jobs and sweat to be recognized by brands. Sometimes because of some models lack of

creativity and organization, brands underpay them, that's because they don't see anything special about you so they pay you as they deem fit.

Creativity in Modeling gives you a sense of worth and value, it starts with the quality of your pictures. All creative models take quality shots, as a model you should endeavor to work with professionals be it photographers, mua's, creative art director's and stylists, I have respect for them all. Because without them modelling as a career will not be where it is today, but on the other hand nothing de-values a model than that of a badly taken shot or badly done makeup. It is your responsibility as a model to work with a Creative team that will express your beauty and worth before all.

Identifying your social media strength is a very important part of your creative process, if your brands view you more on Instagram and because your friend is on twitter, you decide to focus all your attention on twitter. Then you my dear model has missed it, you have to identify the social media platform that projects you more, which one are you on high demand more. When you have successfully

identified your social media strength lies, you can now turn it to your own advantage by creating and posting quality pictures and concepts. For example, if your media strength is on Instagram, the first step is for you to create an organized Bio intro, skillfully arrange your pictures, do not post pictures that reduces your worth as a model.

This is something you should take note of, just because a picture looks beautiful doesn't mean it should be on the gram, before you post any picture whether it be a studio pic, digital picture or your everyday life picture, make sure it showcases beauty, class, worth and value. You can't just take a picture and throw it on Instagram just like that, put yourself in a Top Brand's shoes, evaluate yourself like this "if I were a brand and I view this page, scroll through these pictures, will I want to work with me? ". So evaluate every picture you post before you post it on any social media platform, need I remind you, you are a Brand, all models are Brands. The way you portray yourself on the media either advertises you as a local model standard or as an International model standard, so the choice is yours.

Model creativity doesn't end only on concepts and quality pictures no, it is also seen in a models unique ability to have a sensible conversation with brands, on no account should you be rude to any brand, no matter the circumstances. If you don't agree with the brands terms, politely refuse the offer, so models politeness, good mannerism, organized conversations, creative suggestions should be your attributes. Do you know that some brands might not want to use a Particular model for their brand promotion but after just one conversation with her/him? They become convinced of the models worth and they then decide to work with the model, good and pleasant words are one of the many great keys to a successful career. You are a model for a reason, and that reason is because creativity lies in you.

**EXCLUSIVE INTERVIEW WITH
QUEEN EDIDIONG UMOH
MISS NEXT RATED INTERNATIONAL MODEL**

TELL US ABOUT YOURSELF?

My name is Edidiong Edem Umoh. And I'm one person who's passionate about Child's Rights Advocacy. I studied Pure Chemistry at the University of Calabar many years ago, but currently, I'm enthusiastic about the Development sector, making a difference in the lives of other people.

WHAT WAS THE FEELING WHEN YOUR NAME WAS ANNOUNCED AS THE WINNER, HOW DID YOU REACT?

I was elated! There was this mixed feeling of being happy, surprised and excited, and a sudden adrenaline rush. I knew I had fought so hard, I won only in my mind, but then victory hit me so graciously and so hard at the announcement of the state I represented as the Winner and now, the Miss Next Rated International Model 2020,

for the competition while in Calabar, and the organizer asked me a daring question, he was like: 'can you compete with Yoruba girls?' It sounded funny and I was clueless about what he meant or what I understood by the statement. But, I didn't let that deter me, it made me even more resilient and determined. And, here I am, a multiple awards winning pageant Queen to God's glory!

HOW LONG HAVE YOU BEEN IN THE MODELING INDUSTRY?

Yeah! Even though I've been contesting for different titles since 2016, I only turned on my modeling button in 2019. Since then, it's been from one behind-the-camera experience to another, and I just love it!

TELL US ABOUT YOUR EXPERIENCE SINCE BECOMING A BEAUTY

IN YOUR WORD, WHAT DO YOU THINK STOOD YOU OUT FROM THE OTHER CONTESTANTS?

Experience, Preparation and Confidence. These three things came in really handy.

WHAT WAS THE BIGGEST CHALLENGE COMPETING IN THIS PAGEANT?

Being a Nigeria-based pageant, it was Ethnic Difference. I was so excited to compete for my current title, not until I got to camp and realized that I was the only Akwa-Ibom girl. Every other girl had a pair of other ethnic groups to interact with codedly... Lol. So most times I'd be on my own trying to figure out 'what next?' Funny enough, I applied

QUEEN?

It's been a great and an amazing learning curve! I entered the pageant industry in 2016 with no experience. As matter-of-factly, everything I know now about pageantry, I learnt them in the course of my journey and from the internet. Competing for three different titles and winning at all of them has made me believe more in myself - that I can truly be who/what I want to be. Wearing different pageant Crowns exposed my passion and inspired me to reach out to women and girls in underserved communities, and this is something I want to continue at, even after the Crown.

HOW HAVE YOU BEEN COPING WITH THE TASK OF BEING A QUEEN? KNOWING WHAT IS EXPECTED OF YOU?

Being a Beauty Queen and a young Career person amidst other things isn't easy at all. As a Queen, you are expected to be RELEVANT while promoting the brand you represent. Planning my steps before taking them and carrying my team along has been a great way to cope with what's expected of me.

WHICH BRANDS ARE YOU LOOKING FORWARD TO MODEL FOR?

As a Commercial Model, I'm open to modeling for top upcoming and top brands. I'm hoping that someday I can join Nivea's team as a brand influencer. I love their products and the idea of being on their Advert channels.

WHAT IS YOUR ULTIMATE AIM IN LIFE?

My gaze is fixed on being an ICON OF EXCELLENCE. I want to help as many people as possible unleash the excellence that's within them, thereby leaving a fulfilled life.

THERE ARE SOME GIRLS OUT THERE LOOKING TO BE LIKE YOU, CAN YOU GIVE THEM TIPS ON HOW TO BECOME A BEAUTY QUEEN?

The most important thing a girl needs to do to win in a pageant competition is PREPARATION (financially, mentally, emotionally and spiritually). Preparation builds a girl's confidence, and the level of confidence you exude shows how prepared you are for the stage and the ultimate win.

**INTERVIEW WITH
MCDPIPPU TONY EBIGWAI,
OAP, @ CORRECT FM**

TONY OSOBUWAWUMIOWO EBIGWAI IS FROM UGBODU ANIOCHA-NORTH DELTA STATE AND A GRADUATE OF ECONOMICS FROM NNAMDI AZIKIWE UNIVERSITY. HE'S A RADIO PRESENTER AND ALSO A PASSIONATE ADVOCATE FOR EMOTIONAL INTELLIGENCE.

WHAT MOTIVATED YOU IN TELL US ABOUT CORRECT FM CHOOSING RADIO PRESENTER AS A CAREER?

Well... My motivation stemmed from the ability to interact with the world from one spot, one mic, one room. It is really interesting because people are waiting to hear you talk, because psychologically or by default everything you say is correct to the listener.

WHAT ARE THE CHALLENGES OF BEING A RADIO PRESENTER?

It's more of an external challenge. That's because many Politicians who seats as regulatory bodies and want to protect their own interest keep creating unfavorable policies. Also, some parts of the country still struggle to accept role of media in Nation Building; so this poses another challenge for both the owners of media houses and their employees (which I'm one out of a thousand), that has had a ripple effect on revenue generation and employee's welfare altogether... Well I know say dis na major problem for Nigeria, except you by all means join politics or work for few multi-national companies or your people quick see road. E no end for their... protection for the journalist follow for the major challenge.

Correct FM is a pidgin station of Soundcity under the auspices of Group 8 Limited, with its Head office in Lagos. I joined correct FM in 2018 as the pioneering staff in Calabar branch, and till date I am still here kicking to the glory of God. A friend told me about it earlier in the year of 2018 so I did apply and the rest now is history. Correct FM is in Kaduna, Kano, Enugu, Calabar, Lagos.

MANY PEOPLE SAY THEY ARE TALENTED AND GOT SKILL BUT COULDN'T FIND A WAY, SO HOW DID YOU GET INTO RADIO?

One of the easiest way to radio is internship. Nobody in this business will employ a novice. However, as an intern, you must be ready to pay the prize and make sacrifices. There were days I would trek long distance only for me to seat at the reception rather than being posted, knowing well that nothing of value is cheap, my days of consistent work has paved the way for me to be identified with high profile media houses.

HOW LONG HAVE BEEN WORKING AS A RADIO PRESENTER?

It's been 15 years now, plus the days I just sat at the lobby and reception... Lol.

WHAT IS YOUR BIGGEST MISTAKE AS A RADIO PRESENTER?

By the Grace of God, I thank God sey I never make that kind mistake wey NBC go sanction person or end the person Career with payment of fine ooo. But normally, person fit skip one or two lines for jingle production, still come back to correct em mistake. Ehen...na that kind level.

DO YOU ANCHOR ANY PERSONAL PROGRAM, TELL US ABOUT IT?

Yesooo! In correct FM Calabar I'm on the afternoon belt. Under this belt I have these shows - 'For Ur Informate' - dis na for general informations; 'CalabarWetinDey' - d political talk show, Correct market, 'Face me face you' - dis one nah real life issues we deyyan, for example: your today fit determine your tomorrow, how?

WHERE DO YOU SEE YOURSELF IN THE NEXT 5 YEARS?

Life najejeh! But I look forward to having my own media house, and enlarging my impact through my advocacy work on Emotional Intelligence.
