# INTERVIEWING TIPS FOR A MODELING CAREER.

Working through an agency is the most common way for a model to get work. Doing well in a modeling interview is key to getting your foot in the door. Whether you were contacted by the agency or are going in on your own accord, you need to present yourself in the best light to make a lasting impression. This means you'll have to rely on more than just your good looks to ace the interview. Prepare with our interviewing tips for a modeling career!

## **Do Your Research**

Research the agency, so you know what kind of models they represent as well as what their body style, portfolio, and other requirements are. This ensures you fit the criteria and are well-prepared for the interview. Many agencies put this information on their website, but you can also call them.

## **Prepare a Portfolio**

A portfolio is one of the most effective tools an aspiring model has. Agencies may specify the number and type of photos you need to have in your portfolio. The minimum is generally one portrait photo and one in upright body position. You can also include simple poses such as sitting, profile and looking over your shoulder. You usually don't have to smile, but you may wish to have some pictures with varying facial expressions to show versatility. The clothing you wear should be tight-fitting, such as swimwear, tank tops, and skinny jeans. Do not wear any make-up in the shots, as the agency needs to see how you look completely natural.

## **Prepare a Resume**

This document provides the interviewer with the most pertinent information about you at-a-glance. It contains information on your past modeling work, any training as an actor or any awards. Also a list of shows or publications you've appeared in, as well as any educational background you have in fashion or a related field. You can also include your body measurements, including height, weight, bust, waist, hips, inseam, dress size and shoe size. Some agencies though require you to put this information in a separate document called a "comp card".

## **Take Care of Your Appearance**

Your hair, nails, and skin must be clean, neat and free of blemishes. You will want to look as natural as possible, so use a sparing amount of make-up. This may include a little bit of foundation, mascara, eye shadow, and lip gloss.

## **Practice Modeling**

The interviewer will assess how well you pose and walk, so practice beforehand to make sure you've at least got the basics down. Watch videos and look in magazines to get ideas for poses, facial expressions and how to walk a runway. Try things out in a mirror to make sure it looks good, then ask family members and friends to watch and give you some pointers. Practice maintaining your composure in any situation.

## **Think of Answers to Common Questions**

Modeling interviews usually involve some standard questions. These most often include questions about how long you've been modeling, any especially notable shows or publications you've appeared in. It may also be about the type of modeling you want to do (e.g. commercial, fashion, etc.), and why you want to work with that particular agency.

I am eager to embark on this journey and make substantial progress in the upcoming stages of my preparation for the international pageant.

**WHO IS YOUR ROLE MODEL? .**

My role model is Kendall Jenner. I admire her for her accomplishments in the modeling industry and her ability to use her platform for positive influence. I aspire to emulate her work ethic, ambition and ability to make a difference in the world.

**WHAT DOES THIS SASH AND CROWN SYMBOLIZE TO YOU?**

To me, the crown and sash represent much more than just accessories. They symbolize a significant responsibility and a platform to create meaningful change. The crown represents the recognition and honor bestowed upon me as a titleholder, while the sash represents the representation of my role and the organization I am affiliated with.

**HOW DO YOU WANT TO USE YOUR NEW OFFICE AND IMPACT IN THE SOCIETY?**

I am deeply passionate about raising awareness on preventable diseases and using my new office to make a significant impact in society. My primary focus will be on educating individuals and communities about the importance of disease prevention and the steps they can take to improve their health outcomes.

**IF YOU WERE NOT A MODEL, WHAT OTHER CAREER WOULD YOU HAVE PURSUED?**

Being a public health nurse already brings me immense fulfillment and allows me to contribute directly to the health and well-being of individuals and communities. However, if I were to explore other career options, I might have considered becoming a global health researcher.

**WHICH BRANDS ARE LOOKING FORWARD TO WORK WITH?**

I am looking forward to partnering with brands in the fields of haircare, skincare, clothing, makeup, and healthcare. These collaborations would allow me to contribute my knowledge to promote products that enhance personal care, style, and overall well-being.

**WHERE DO YOU SEE YOURSELF IN THE NEXT 5 YEARS?**

In the next 5 years, my vision includes owning my own healthcare facility, where I can make a positive impact on people's lives through quality care. Professionally, I plan to continuously enhance my skills and knowledge in the healthcare field. On a personal level, I aspire to have a fulfilling family life, being happily married and raising children in a nurturing environment. Balancing personal and professional aspects is important to me, as I strive to positively impact both my community and my own family's well-being.

**ANY ADVICE TO THOSE ASPIRING THAT TO WIN A PAGEANT?**

Believe in yourself and embrace your uniqueness. Set clear goals, maintain a positive attitude and surround yourself with a supportive network. Emphasize authenticity and let your true personality shine.

**"AS THE NEWLY CROWNED EXQUISITE QUEEN NIGERIA, ONE OF MY PRIMARY GOALS IS TO RAISE AWARENESS ABOUT PREVENTABLE DISEASES."**

# 7 STYLING TIPS FOR CURVE MODELS

## 2. Define your waist

Cinching waists helps to project a slimmer waistline and provides an hourglass figure. It is recommended to wear high waist belts for shorter people, as it will elongate their overall appearances and make their legs look longer. Tuck the belts with loose fitted fabric to avoid the “bulging effect”. Avoid wearing thick belts as it can bring attention to the width of a person, which completely defeats the purpose of the cinched effect.

## 3. Avoid rounded toe shoes

Often rounded shoes can have the impact of making anyone look shorter. A look overall can be elongated by wearing pointed or open toe shoes. This will make the legs look longer and well-balanced.

## 4. Utilise strategic Patterns

Patterns can be a tricky matter when it comes to balancing an overall look. Bold coloured, thick patterns can give the impression of a different body size and can bring attention to the wrong body parts. Whereas, smaller and darker coloured patterns can complement the style and the form. For example, smaller polka dots can make the figure look a lot more flattering than bigger ones.

## 5. V Necks are the Best

V neck tops can elongate the appearance of the waist. V neck tops can help direct focus from any problematic area to the bust area. This can also make the look more feminine and playful.

## 6. High Waist Bottoms compliment anyone's figure!

High waisted pants or skirts with pointed or open-toe shoes are often great pairs that elongate the look, beautifully. To complete the look, wear a semi-fitted top which ends on the waistline if not slightly under.

With the modelling industry adapting and changing every day, the demand for curve models is increasing. The “body positivity” movement has prompted agencies and industry to start to embrace bodies of all shapes and sizes. Therefore, everyone has a chance to celebrate their bodies, both in and out of the industry!

With the curve modelling sector growing and changing, so is the clothing industry and people are becoming a lot more aware of what clothing suits their body type.

## 1. Ensure you get your sizing right

It is important to wear the “right size” clothing. Try avoiding wearing sizes that are too small for the body, as it accentuates the wrong areas. On the other hand, wearing loose clothes can make you give a wrong impression of your overall body structure and sizing. The better the sizing, the more flattering it looks. That being said, when shopping feel free to try out different sizes of clothes, as a lot of brands are known to have different clothing sizes under the universal size numbers.
