7 STYLING TIPS FOR CURVE MODELS

With the modelling industry adapting and changing every day, the demand for curve models is increasing. The “body positivity” movement has prompted agencies and industry to start to embrace bodies of all shapes and sizes. Therefore, everyone has a chance to celebrate their bodies, both in and out of the industry!

With the curve modelling sector growing and changing, so is the clothing industry and people are becoming a lot more aware of what clothing suits their body type.

1. ENSURE YOU GET YOUR SIZING RIGHT

It is important to wear the “right size” clothing. Try avoiding wearing sizes that are too small for the body, as it accentuates the wrong areas. On the other hand, wearing loose clothes can make you give a wrong impression of your overall body structure and sizing.

The better the sizing, the more flattering it looks. That being said, when shopping feels free to try out different sizes of clothes, as a lot of brands are known to have different clothing sizes under the universal size numbers.

2. DEFINE YOUR WAIST

Cinching waists helps to project a slimmer waistline and provides an hourglass figure. It is recommended to wear high waist belts for shorter people, as it will elongate their overall appearances and make their legs look longer. Tuck the belts with loose fitted fabric to avoid the “bulging effect”. Avoid wearing thick belts as it can bring attention to the width of a person, which completely defeats the purpose of the cinched effect.

3. AVOID ROUNDED TOE SHOES

Often rounded shoes can have the impact of making anyone look shorter. A look overall can be elongated by wearing pointed or open toe shoes. This will make the legs look longer and well-balanced.

4. UTILIZE STRATEGIC PATTERNS

Patterns can be a tricky matter when it comes to balancing an overall look. Bold colored, thick patterns can give the impression of a different body size and can bring attention to the wrong body parts. Whereas, smaller and darker colored patterns can complement the style and the form. For example, smaller polka dots can make the figure look a lot more flattering than bigger ones.

5. V NECKS ARE THE BEST

V neck tops can elongate the appearance of the waist. V neck tops can help direct focus from any problematic area to the bust area. This can also make the look more feminine and playful.

6. HIGH WAIST BOTTOMS COMPLIMENT ANYONE'S FIGURE!

High waist pants or skirts with pointed or open-toe shoes are often great pairs that elongate the look, beautifully. To complete the look, wear a semi-fitted top which ends on the waistline if not slightly under.

INTERVIEW WITH
**PRINCE IKECHUKWU
MIRACULOUS** | CEO OF RWEP-MID
NIGERIA COMPANY

TELL US ABOUT YOURSELF

Well, am Prince Ikechukwu Miraculous Diji by name, am Onicha Olona in Aniocha North local government, Delta State. Am married with three girls.

Am the CEO of RWEP-MID NIGERIA COMPANY, Moderator for Models Association, Delta State coordinator for Pageant Guild of Nigeria and currently the Chairman Board of Directors for RWEP MID FILMS AND MEDIA ACADEMY. A private polytechnic. Am an entertainer, complete production personnel.

My primary school is Holy Child Nursery and Primary School,

with the position of Head Boy and later went to Boys Model Secondary School where I was the Social Prefect. I read Mass Communication in Ogwashi Uku where I was the Social Director and later studied a professional course in Film and Television Production.

After I graduated, I shot couple of Films and Directed Some of music videos and train some artists like Mac P, Emmy Brown, Patomant who performed alongside popular and famous Davido on stage and so many others. A lot that has been done anyway, I can go on and on.

WHAT IS THE MOTIVATION AND IDEA BEHIND RWEP MID FILMS AND MEDIA ACADEMY?

Oh beautiful, let me start by saying RWEP MID NIGERIA COMPANY has a lot to do, we are into human capital development and we set up platforms for gifted and talented citizens to get self-employed. We equally build surviving and lasting content programs for both, television and radio stations. We shoot quality movies, event coverage and Management, record both still and motion pictures, train musical artists and as well train people in our various fields of engagements.

So having all these things to the company, I felt the last part of my engagement which is training should spring up and since we are into human capital development, I decided to give that to the society by the training and get them certified with a National Diploma Certificate.

Apart from that, I noticed that getting a job has become a thing of story for the gods, so with a practical based course, people can be self-employed to employ others.

CAN THE CERTIFICATE OBTAINED FROM THE SCHOOL BE USED FOR DIRECT ENTRY INTO THE UNIVERSITY OR ANY HIGHER INSTITUTION?

Oh of course yes, as a matter of fact the school is an affiliate of THE FILM AND BROADCAST ACADEMY OZORO so gaining admission is sure but I must say like I said earlier that it's 80 percent practical and 20 percent theory, meaning most of graduate won't need to

pursue or further more because we already armed them for the business but for those who wants to further they can.

WHAT DISTINGUISHED YOUR ACADEMY FROM OTHERS?

Smiles, we are all into the entertainment industry and the beautiful part about our school is that it's 80 percent practical and 20 percent theory and aim behind the setup of the school is not for profit making but to give vent to those who can't afford their way into school and probably getting a job. So the school is going to or already pulling young youths off the streets to become self-employed. I think that's what make the difference. It's beyond money making.

WHAT COURSES ARE OFFERED IN THE ACADEMY?

Film and Television Production
Performing and Media Arts
Music technology
Computer technology

For a start, other departments will be introduced.

Courses are:

Editing
Cinematography
Editing
Costume and Make-up
Script Writing
Directing
Content creation and so on

ARE THERE JOB OR CAREER OPPORTUNITIES AFTER COMPLETION OF A COURSE OF STUDY?

The entertainment industry is wide enough to create job opportunities and that is why we have a module for the students to identify job opportunities and besides what we have actually shouldn't make them job hunters but rather employers

WHAT DOES IT TAKE TO ENROL IN THE ACADEMY?

Oh that's beautiful and simple, a purchase of

admission form for ten thousand five hundred naira only (#10,500)

- Local government of origin
- Four passport photograph
- O Level result with not less than five credits including Maths and English
- Birth certificate.

If it may interest, you that we admit without Jamb.

WHO ARE YOUR TARGETED AUDIENCE?

First I will like to say, those with the passion, talent and love for the entertainment industry. Age is not a barrier. More also those who just rounded up their SSCE.

Corporate office staffs can be sent to study in our academy to improve on their media publicity and branding

WHAT ARE THE GUARANTEES FIR THOSE WHO MIGHT BE SCEPTICAL ABOUT YOUR ACADEMY?

Well, it's cheaper to get enrolled, and let me quickly say this. Life is a risk but we are providing our students an undivided attention to with cutting edge equipment for training

HOW CAN INTERESTED PERSONS CONTACT YOU FOR MORE INFORMATION?

They can contact the school either by visiting the school premises for more information or call on the following numbers. 09068981736, 09163508264

DO YOU HAVE ONLINE COURSE FOR INTERESTED PERSONS WHO MIGHT NOT BE ABLE TO COME TO THE CAMPUS DUE TO DISTANCE AND OTHER FACTORS?

Well for now, we don't have courses for online. But definitely in due time, we are going to be having such provision. Thanks

WHERE DO YOU SEE YOUR ACADEMY IN THE NEXT 5 YEARS?

Smiles, five years, all I can say is that, the industry is a progressive one and as such we will continue to maintain the pace and progress as it changes.

But I can assure you as well that before the next five years we would have been able to produce next top celebrity actors and broadcasters in the industry taking frontiers. We are the industry itself so we shall keep moving forward.

Thanks for this wonderful interview and I want to say if you are buying this magazine then you haven't started reading at all. Can't wait for this edition to be out.

TALENT DISCOVERY- HOW TO FIND WHAT YOU ENJOY DOING

BY: ANUGUO EVANS

Your perception of yourself is very important. Just like you cannot see your nose, you are often blinded to things that you are best at. It can be really difficult finding those things we enjoy doing because often times we find them in places we least expect, but through self-reflection and hard-work we can.

What is talent? Talent refers to something you have developed through practice and experience, and can be improved over time. But if we say the above is "TALENT", then what is "GIFT"?

Talent and Gift are often used interchangeably, but have slightly different meaning.

Gift is a natural ability that can not be developed through practice and experience. In summary, Gift is a FOLLOW-COME ABILITY while Talent is something you pick interest in and develop overtime.

It is not enough knowing that you like this doing this particular thing and just saying it to the hearing of people but the hard-work put into becoming better at it, now Talent-Discovery comes into play. Talent Discovery, is you knowing you like doing this and finding yourself in it, (practicing to be known for it).

Letting what you know you enjoy doing play only in your head or

bathroom, will only kill it. Now how do we discover this Talent of ours and allow it die in our hands?

WAYS TO DISCOVER YOUR TALENT

1. OPEN YOUR MIND TO ALL PATHS.

Just like you can be often blinded to what some of your talents are, a good place to start when evaluating what some of your talent really are is to open up to all possibilities.

2. LOOK BEYOND.

As you evaluate on finding yourself, look at those things you have enjoyed doing in the past, things you have done and the things you have really performed excellently at.

3. THINK ABOUT WHAT YOU ENJOY DOING.

The things you enjoy doing can really help you in finding what your true talent are. Think about those things you have and what were people's reaction to it.

4. REFLECT ON WHAT YOU ARE GOOD AT.

Now, differentiating your gift and talent. What comes to you naturally and what you enjoy doing. It is important to remember that those things you enjoy doing are your talents, that is why it is important that you take a long look at them and the times you have really excelled at them. Having the above in mind keeps you moving.

5. ASK.

often times, it is said that those around us are our eyes. How funny, does this mean we cannot see properly? No. But asking those around us can really help us evaluate more on things we enjoy doing and how good we are at them. allow good and bad critics, it will aid in your analysis. Open up to new possibilities and opportunities. Keep learning and practicing and you are on your way to the top in becoming that which you have always dreamt of becoming.

6. TIME MANAGEMENT.

Time is an essential tool when trying to discover that which makes you happy. Balance your activities, do not compare yourself to your friends, focus and pray you do not lose yourself in trying to find it.

I WILL RECOMMEND MSA TO ASPIRING MODELS BECAUSE THEY FULFILL ALL THEIR PROMISES

QUEEN OFOMA VICTORIA, MISS SILVER AFRICA 2023

so happy. For the monetary aspect I prayed to God and just miraculously lines were falling in place for me, both from some of my friends, I sincerely thank God.

WHAT WOULD YOU SAY STOOD YOU OUT FROM OTHER CONTESTANTS?

Well I'll say my ability to point out the things I'm not really good at and focus on them and learn them continuously till I get it.

HOW WAS THE BONDING WITH OTHER CONTESTANTS?

Well bonding with the contestants wasn't so hard at all they were really accommodating and in a little while they were no longer my fellow contestants but more like sisters in as much as we were there for the same goal.

Yes, I strongly do.

My role model is my mum.

Vogue

I see myself fulfilling all my dreams, helping to make the world a better place the simplest and significant way, and living my dreams basically.

ANY ADVICE TO THOSE ASPIRING TO WIN A PAGEANT?

Yeah, I advise you believe in yourself first and then don't let anyone tell you what you should be or what you should achieve, be the one to write your own story, and work hard to live it.

EXCLUSIVE INTERVIEW WITH KING OHAJA JOSEPH

NIGERIA MOST FASHIONABLE MODEL UNIVERSE 2023

TELL US ABOUT YOURSELF?

I'm OHAJA JOSEPH CHIBUNNA, NIGERIA'S MOST FASHIONABLE MODEL UNIVERSE 2023 WINNER, a native of Osisioma Ngwa local government area of Abia state and also a student of the prestigious university of Calabar, Cross river state, Nigeria. I'm an intelligent student, a makeup artiste, up and coming stylist, entrepreneur, commercial, runway and fashion model amongst many more.

I am 6ft tall, dark skinned, black hair and black color eyes. An optimistic and charismatic personality endowed with lots of positive qualities and abilities. I love reading, research, intelligent conversations and fashion and advocacy.

WHAT WERE THE CHALLENGES YOU FACED DURING THE

CONTEST AND HOW YOU OVERCAME THEM?

Moving down the memory lane and reminiscing on the journey that brought me this beautiful height of being the NIGERIA'S MOST FASHIONABLE 2023. I'll say that everything about the contest was a challenge because it was a tough competition all through. But you know two things about a challenge. It either win you or you win it and I love fighting so hard to win challenges. The preliminary activities weren't as tough as the grand finale because everyone of the contestants brought through A game to the floor and the judges did what they're best known for.

WHAT WOULD YOU SAY STOOD YOU OUT FROM OTHER CONTESTANTS?

I think and I definitely know that my signature walks, confidence and hard work stood me out from other contestants as I topped all the voting polls during our contest from the very first to the last one.

WHAT WAS YOUR BEST MOMENTS DURING THE PAGEANT?

During the contest, our camping period gave me the best moment of the journey. It was all fashion inclined and intelligence test and these are things I love.

HOW LONG HAVE YOU BEEN IN THE MODELING?

This is my fifth year in the modeling industry. I'll say that my first three years were used to build myself even though I'm still building myself... back then I'll say "I'm an aspiring model" because then I had this notion that I'm yet to get what it takes to boldly call myself a model, that's my composure, charisma, confidence and walk. You can't call yourself a model if you've not gone for a casting call involving models from different parts of the country or world and get selected amongst the best. You conquer a challenge to get to a level.

WHAT MOTIVATED YOU TO CONTEST FOR THIS PAGEANT?

I was doing good for myself before I contested for NIGERIA'S MOST FASHIONABLE MODEL 2023. I needed to do better if not the best for myself and the industry at large... now I have a platform that'll take me places if I utilize it very well and I know I will. My passion for fashion was my drive to contest for it and is still my drive for more exploits.

HOW DO YOU INTEND TO USE THIS YOUR NEW OFFICE TO MAKE IMPACT IN THE SOCIETY?

Making impacts has always been my thing and I love to go higher in it and out of the shores of the usual people do. One thing is to have a title or office and another thing is to utilize it properly for the betterment of everyone. With this my new office I'm working on creating a foundation they'll reach out and positively influence the society (men, women, children) I'm an advocate who specifically stands against discrimination, nepotism, juvenile delinquency, animalistic jingoism and gender violence and I'll surely use my voice and heart to work for the society not only in words but actions.

WHAT HAS BEEN YOUR BIGGEST CHALLENGE IN MODELING?

My biggest challenge in the modeling industry is the act of corruption and nepotism not only in pageantry but in the runway aspects. Where models who are worth of merit are been ripped of a winning spot or position just because the officials want to favor their loved ones who on the other hand are not qualified for the post. Also the promise and fail aspect ..on their flyer they'll mention lots of mouthwatering prizes for whoever that wins the contest and these prizes drives the contestants to work more than hard to win the competition and at the end they're been left without a reward and those promises are left unattended to and these actions leads to killing of dreams where those models of aspiring models will swear never to continue their modeling career and this sends a bad message and image about the industry because we still have the good ones amongst us.

WHO IS YOUR ROLE MODEL?

I'm my role model because I carve out my own niche I don't copy people because we all come from different backgrounds. But if there must be someone to look up to I'll say Ben Carson and David Gandy (the No 1 male model in the world)

IF YOU WERE NOT A MODEL, WHAT OTHER CAREER WOULD YOU HAVE PURSUED?

Amidst being a model, I have other careers going on for me. I listed them earlier in my first paragraph but if I wasn't a model, I'll be an actor or fashion designer because they're branches in the industry.

WHICH BRANDS ARE LOOKING FORWARD TO WORK WITH?

I'm looking forward to work for fashion and modeling brands like ATAFO, MEDLIN BOSS, BETHMODEL AFRICA, and other designers brand. I don't discriminate brands because I can work with a brand that's yet unknown and it'll get to limelight with my artistic contributions to the brand.

WHERE DO YOU SEE YOURSELF IN THE NEXT 5 YEARS?

In the next five years, I see myself as an international public figure, model and medical practitioner who's well known for his great prowess. So help me God.

WHAT ADVICE WOULD YOU GIVE TO ASPIRING MODELS?

Finally, I'll advice up and coming or aspiring models to work hard on themselves, if you work hard and build yourself. You'll be sought for and you'll shine as the star you are. Being a pageant king or queen alone doesn't make you a model, walk the talk so the spotlight will be on you, don't let anyone discourage you. Modeling is a proficient career you can earn from it as the highest paid model has a net worth of \$40M and you too can be her (Kendall Jenner). Don't limit yourself or let them kill your dreams.

Cosmetics, she has been committed to bringing safe products for all skin types.

WHEN DID YOU DECIDE TO TAKE UP MODELING AS A CAREER?

Modeling is a passion for me. I don't consider it my career.

WHAT INSPIRED YOU THE MOST?

This might not make a lot of sense, but my failure and the rejections i received starting my journey as a model inspired me to be better and try harder.

WHAT IS THE BIGGEST MODELING JOB YOU HAVE DONE SO FAR?

I consider every opportunity i get big because I learn new things every day. I used to focus on well-known brands, but i have realized that everyone deserves a chance. All those big brands we worship both started as these small ones. This kind of thinking is the reason why many graduates are jobless. Every company wants experienced workers, yet no one wants to give them a chance to gain that experience.

LOOKING BACK AT HOW YOU STARTED, WHAT WOULD YOU SAY STOOD YOU OUT IN YOUR CAREER?

Being myself, i am always myself, i know how imperfect i am, and i have accepted

it. I don't want to be perfect, and i don't compete with anyone other than myself.

HOW WOULD YOU DESCRIBE YOUR PERSONAL STYLE?

Simple and unique.

WHAT'S YOUR ROUTINE FOR STAYING IN SHAPE?

I do exercise, and i stay on a diet often.

WHAT ADVICE WOULD YOU GIVE TO SOMEONE WHO IS PLANNING TO START MODELING?

From my own experience, i would advise

others to always have another career too and not depend only on it. Secondly it's important to know that just because someone you look up to was or is successful in the industry does not mean you will or will not. Being a model is not all about taking good photos or having a beautiful body and face, it takes more than beauty to be a brand. Lastly, self-respect, respect yourself enough to understand that whatever will cost you your dignity and self-respect is not worth it. Believe in yourself and capabilities, and don't let anyone make you believe that easy things aren't expensive.

**OGUNREMI TOLUWALOPE****CEO, FACE OF WAVE NIGERIA**

likes before starting. The basic inspiration for me would be my love for fashion and modelling. Pageants around today are focused more on the profits rather than the Queens of the brands. It's frustrating that after everything - the stress, money and emotional roller coaster during contests, you win and then there is nothing to show for it. The models deserve better. I just wanted to build a platform where I can build young ladies that even when you do not win the crown, you must have learnt a thing or two in the competition. It should be a win-win for the contestants.

WHAT CHALLENGES HAVE YOU FACED AS A BRAND?

Every start up business and brand have faced one or two struggles in their journey. I am definitely not an exception. One major problem is getting contestants to trust the brand despite how strong our online presence is. I totally get it considering how pageants are now. So, dealing with their insecurities and endless questions was a tough one at first but it gets better with each edition thankfully. Another is working with other brands. We have amazing partners currently and have not been pushing to just jump on partnership with any brand, we must share a common goal or goals before the partnership happens so getting brands whose visions are in line with ours "was" a struggle as we are now discovering several brands with same goals as ours. There were other couple of minor hiccups but now, we are here. Grateful to God for them as they help in putting structures in place for the brand.

HOW DO YOU MANAGE YOUR MODELS AND YOUR PERSONAL LIFESTYLE?

I would be sincere; this brand is already part of my lifestyle. I mean even when I'm on break, I'm thinking about brand, models and ways to promote them, increase the brand's capacity and all of that. They are inextricably interwoven that I almost have no problem managing them both. I do not honestly think they affect the other. I work and I reward myself with a lot of fun in however ways I deemed it when I can.

WHAT HAS BEEN YOUR BEST MOMENTS?

There have been several moments but the one that always stick out would be when the first Queen was crowned- first edition. It felt so surreal like, "yes! I'm doing this, finally!" It felt really great. I love my queens so much. Moments with them have always been beautiful.

WHAT MAKES YOUR PAGEANT STAND OUT FROM OTHERS?

One of the brand's objectives is to make the whole competition process easy for contestants and I think we are succeeding on that. It's virtual and the task although challenging, are not over the top or impossible. This is to prove anyone at all can be a Queen of the brand, they only need that determination to win. We have several cases of contestants from previous editions coming back to contest, that means we are doing something right- better than the others. And of course, the treatment our Queens receive is top notch. The luxury items they get in their package, the opportunities, publicities and so on are definitely part of the things that make us unique.

WHERE DO YOU HOPE TO SEE YOURSELF AND THE PAGEANT IN FIVE YEARS?

In five years, I see myself continuing to grow in my career, increasing this brand's and my other businesses' capacity, taking on more responsibilities that come with them by leveraging the skills and experience I've garnered over time.

I'm also looking to start a family in the next few years, so I'll be balancing work and home life.

How can clients interested to work with your models reach you?

We have great online presence. We have platforms on Facebook, Instagram, WhatsApp, Twitter, YouTube and our official mail is also on these platforms so they can reach us out in the inbox or send a mail to us via the address - faceofwavenigeria@gmail.com. Our representatives are available always to respond to them. We look forward to do business with them as well.

Any advice for aspiring models?

Be sure what your strengths are and weaknesses. Know what you really want and go for it. You will not get to the top immediately but you will eventually if you keep that fire burning in you alive. Focus, be patient and make a great use of the social media. It will help you in ways than you can imagine.

LET'S MEET YOU?

Sure, I'm Ogunremi Toluwalope, the CEO and founder of Face of Wave Nigeria, a serial entrepreneur and model. I was born into an adorable family of three in Osun State, Nigeria. I'm an Arts graduate of Obafemi Awolowo University. I enjoy music, writing, storming ideas and just chill.

TELL US MORE ABOUT FACE OF WAVE NIGERIA?

That's my baby right there. Face of Wave Nigeria is an online pageant brand established in 2021 to make available a platform where young ladies, well, for now, would be able to get their career in fashion and modeling to the next level. We run two editions every year and so far, we have done four successful editions and produced beautiful and influential queens. Registration till crowning processes are very easy especially since it is virtual. Girls all over the nation can contest and win once they meet the requirement. Face of Wave Nigeria is the real deal, I would say.

WHAT INSPIRED YOU IN ESTABLISHING THIS PAGEANT?

I have had the idea since university days but there was no time or funds for it. Also, I had to make a number of researches, business lessons and the

MEET QUEEN OGOR GRACE

My name is Ogor Grace, currently addressed as the FROWN QUEEN. I'm from Nigeria, Delta-State, Ogwashi-Uku to be precise. I'm the second child of my parents, currently studying Government Administration at Obafemi Awolowo University and also doing two other professional courses (ICAN and NIM). I'm also a model and a freelancer.

My Journey

so far in the modeling industry has been awesome. Of cos, it all started when I won the face of wave Nigeria first edition contest and was greatly rewarded. Representing this industry has been great so far and fun as well. It has been the best journey of my life.

On a more serious note, I have achieved a lot as a model. Talking about; featuring in branded magazines, writing pads and Pen, representing my

brand as a queen, been invited to model for other brands, a clean public figure and a rising star. I've actually achieved a lot without spending much. (not excluding all respects I received)

I believe there are more to achieve as well and that is why I would *love to work with other modelling brands* (the runways and the face model brands). I would also love to be an ambassador for well recognized fashion brands that respects religion and are more welcoming.

I aim to be a graduate, an accountant, a top rated freelancer, a face model and a freshly married young lady within the next five years.

I trust God, because He leads me well.

I've been so passionate about fashion ever since I was a child and this has drawn my attention into modelling of all varieties in fashion. I'd love to work with a brand like

face of wave Nigeria that specializes in creating a substantial awareness and also equip young women to stand out from a nobody to somebody with their talent.

I believe that with my strong affection for fashion, I can be of great value to the brand and also prove my capability with a diligent spirit in order to meet the needs of the brand regardless of their expectations.

WHAT IS THE CHILD MODELING?

THE COMPLETE GUIDE TO CHILD MODELING

Child modelling is when your child's image is used to promote a commercial product or service either in print or digital form. It also includes live runway shows and appearances. In a nutshell, it's when a company pays for the privilege of using taking your child's photos and using them to promote their brand.

Some parents see it as the ideal stepping stone for a child interested in a career in the entertainment or fashion industry while others think of it as a way to save a little money for their child's future.

Whichever category you fall into, it's vital that both you and your child understand the ins and outs of the industry. So take some time to read through the information below before deciding to take any further

steps.

IS MY CHILD SUITED TO THE INDUSTRY?

This is an incredibly important question that either parents or teen models must ask themselves because let's face it; not everyone is suited to a life in front of the camera.

And believe it or not, we're not just talking about good looks, great teeth, and a clear complexion. A child model's confidence and attitude can be just as important.

It's lots of hard work

Some parents and models have told us how surprised they were to learn that modelling takes so much effort. They thought they would just roll up to the shoot, take some photos, and be on their way home in the space of an hour or two.

This is rarely the case as shoots often involve multiple wardrobe changes, background changes, and several hair and makeup sessions. So yes, it can get very tiring.

Rejection can be hard to take. Rejection is something that is unavoidable in this industry, and it happens a lot. Everything depends on what the company or photographer are looking out for, and if a child doesn't have it, then they won't get the gig. It's nothing personal but for some children and parents, the rejection can be hard to take. This is particularly true for teen models who are much more involved in the business side of their career. Both parent and child need to be able to deal with this and know from the outset that rejection will happen. Building Your Portfolio, a child model's portfolio is hugely important to their chances of success. Without one, the agency cannot put them forward for work while a poorly photographed portfolio is just as damaging. This is why many agencies require that you have a professionally photographed portfolio. Believe us when we say that unless you are a professional photographer, this is not something you want to do by yourself. Your agency will often have a few local photographers that they can recommend while some may even require you to use a particular studio or photographer. Don't be surprised if this sets you back a few hundred dollars so be prepared to spend.

Death is a very powerful enemy. It is

YOU VS DEATH

powerful that 1 Corinthians 15:26 says that death is the last enemy to be destroyed. That tells you that it is so strong that it would be kept to the very last. One of the reasons death is so powerful and feared by many is because it is a leveler; it levels everyone. The rich, poor, mighty, kings, servants, beggars and everyone else is levelled by death. Psalm 49:10 says for he seeth that wise men die, likewise the fool and brutish person perish, and leave their wealth to others.

Death is no respecter of academic qualification or achievements when it comes knocking; it listens to no argument. Even Lazarus who Jesus raised after 4 days still died again. Whether you like it or not, except you are around when Jesus returns to rapture his

followers. In Hebrews 9:27 tells us that the moment a person dies, he faces judgement – there are no second chances, no opportunity to try again; it is permanent. That is why I wonder what people are thinking when they say they want to postpone their salvation or start living holy at a certain time. Many have said that in the past and died before the time they had planned to start living holy; they are in hell today, regretting it now and for eternity.

You must ensure that you are ready for death whenever it comes knocking. Those who

are ready will find themselves in paradise when death comes, but for the rest, they will be weeping and gnashing their teeth for eternity (Luke 13:27-28). Stop telling lies, stop doctoring figures so as to keep some money for yourself, stop committing fornication, stop sinning! When death comes, all these things will not matter anymore; at that point all that will matter is if your name is written in the book of life.

Surrender your life to Jesus Christ today and commit to following Him to the end. That is the only way to overcome spiritual death and inherit eternal life. If Jesus returns or call you home today, where would you spend eternity – in heaven or the lake of fire? Make your choice today.
